(AND SOME PRO TIPS)

BY J.-L. GUILLAUME, PH.D.

### FIND THE PERFECT CHAIR

Speed-run through all available seats Claim the comfiest one before anyone Prioritize proximity to a power outlet Leave your bag on the seat next to you - Just in Case

PRO TIP: CONFERENCE ROOM CHAIRS ARE NOT COMFORTABLE. DO NOT GO THERE! IF YOU HAVE NO CHOICE, SIT FRONT ROW, ANSWER EMAILS OR PLAY CANDY CRUSH

CITY LIFE

CITY LIFE DOES NOT HAPPEN IN MUSEUMS AND EVEN LESS AT THE CONFERENCE!

PRO TIP: ONLY SUBMIT TO NICE PLACES

### There are No Stupid Questions<sup>4</sup> Only stupid answers

ASK AT LEAST ONE QUESTION PER TALK

START WITH "IT'S MORE OF A COMMENT THAN A QUESTION ... "

THE LESS EXPERT YOU ARE ON THE TOPIC, THE MORE LEGITIMATE YOUR QUESTIONS ARE!

- BRING A NON-FUNCTIONAL USB KEY OR A RARE VIDEO ADAPTER
- FORGET YOUR CHARGER, THEN BORROW ONE FROM A MAC-PC USER
- ASK IF THERE'S ANY COMPUTER SCIENTIST IN THE ROOM
- SEARCH FOR THE "DISPLAY SETTINGS" MENU
- INSIST ON USING GOOGLE SLIDES (WHILE IN AIRPLANE MODE)

#### Dear YOUR NAME

Congratulations! We are pleased to inform you that your submission indicated below has been accepted to CONFINAME:

Submission 393: ARTICLE TI

This year we received 493 submissions. We were able to accept only 52 of these, representing an acceptance rate of 11%. ADJUST NUMBERS

Please take the following actions:

 Please check immediately that your author name and affiliation for all authors are correct in EasyChair, as these will be the starting point for the author list communicated to the ACM. Per the call for papers, if you would like to modify the authorship of your paper, please get in touch with the program chairs first. In general, we will not approve these requests.

2. At least one author must register for the main part of the conference by the early bird deadline and commit to present the paper at the conference. If you have multiple papers accepted, it's fine for a single person to present more than one. Registration will open soon at the conference website: COMP URL. Failure to register or present is grounds for removal of the paper from proceedings as described in the CFP.

3. For student authors, please note that information about Student Travel Grants sponsored by will be posted to the conference website shortly.

4. Please share both this notice and follow up notices from ACM with your co-authors.

All accepted papers will appear in the proceedings as full-length publications and will also be presented as a talk or a poster for interactive discussion. With the increased size of CONFINAME this year, we anticipate a mix of short and long presentations. We will followup soon with additional details.

We'll be communicating the list of accepted papers to the ACM within a few days; once that has happened, you can expect to receive two emails from them with information in regard to copyright arrangements, and submission of final camera-ready version of papers. Note that the usual ACM pattern is for at least one of these emails to be sent \*only\* to the first-named author; please alert your co-authors to share \*all\* emails that arrive in connection with your paper, so that they are acted on promptly after they arrive.

The program committee worked very hard to review all the submitted papers and to provide action points to improve your paper. All papers were reviewed by at least three program committee members and by a senior PC member to oversee discussion amongst the reviewers and provide an overall recommendation for the paper. The meta-review by the senior PC member and the reviews of the PC members are below. We trust that you will take their suggestions into account when producing the final version of your paper.

Once again, congratulations -- and we look forward to seeing you in LOCATION HERE!

Best regards, PC CHAIRS CONF NAME Program Co-Chairs

#### BONUS TRICK
